Simple setup

Canadian Payroll seamlessly integrates with Dynamics 365 Business Central. No need to involve your tech support guy.

Perfect for your company

Canadian Payroll grows with your company with support for hourly and salaried staff with multiple pay-period options to choose.

Save Time

Canadian Payroll enables you to track your employee time and payroll information including pay rates and pay types all in one easy-to-use add-in.

No more payroll service provider fees

If you're outsourcing your payroll because you dread managing it yourself, then Canadian Payroll will make you think differently. Canadian Payroll is easy to use, saving you money paid to payroll service providers.

Streamline your payroll process

Say good-bye to importing and exporting general ledger entries to reconcile your payroll with third-party solutions. Canadian Payroll saves you time and reduces errors by posting payroll records automatically to your general ledger.

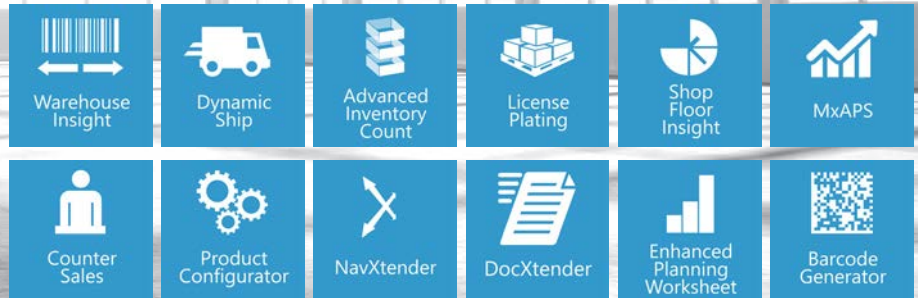

Optional* self-service online portal for your employees

Canadian Payroll enables employees to access their current and historical pay stubs using a web browser or smartphone app.

Detailed Employee Time Sheets

Unlike payroll solutions that require you to enter hours for each employee before running payroll, Canadian Payroll enables users to track detailed time for each employee and use this data to generate payroll calculations automatically. Integrates with the built-in Dynamics 365 Business Central Time Sheets and with Insight Works Shop Floor Insight.
